AFRAZ AHMAD

+33 7 57 51 70 57 | afrazjb@gmail.com | Rouen, France | LinkedIn

Fintech professional spanning compliance (AML/financial crime), blockchain & ML engineering, and operations, with a track record of end-to-end delivery in fast-moving environments and French AML/CFT regulatory research experience.

WORK EXPERIENCE

Fintech Risk & Compliance Engineer Intern — CashXChain, Germany *March 2026 – Present*
- Contribute across compliance, product, and engineering on BESAVO (KYB platform), coordinating between regulatory research and platform build-out.
- Own regulatory research feeding compliance frameworks across EU–Africa and EU–Asia corridors, translating multi-jurisdiction requirements into platform rules.

Compliance Officer — ACE Money Transfer, Kharian, Pakistan *Oct 2023 – Feb 2024*
- Reviewed 900+ transactions monthly, identifying 7% as suspicious and ensuring 100% adherence to AML/KYC regulations — high-throughput risk assessment under time pressure.
- Delivered compliance training to 40+ customers, boosting regulatory compliance rates by 15% through stakeholder education.

Blockchain Developer — Octaloop Technologies, Islamabad *Apr 2023 – Oct 2023*
- Independently owned end-to-end delivery of Solidity smart contracts for Ethereum-based DApps, from design through gas-efficient deployment.

Community Manager (Intern) — Mostro.xyz (Web3 Music Platform), France *Jan 2026 – Mar 2026*
- Managed Web3 community engagement and campaigns across Discord, Telegram, and X.

IT Assistant — Education Department of Punjab, Rawalpindi, Pakistan *Apr 2024 – Jun 2024*
- Administered a PKR 500,000 budget and managed operational records for 500 students, maintaining 100% adherence to administrative timelines.

TECHNICAL & ANALYTICAL PROJECTS

DeFi AML Monitoring System [SQL, PostgreSQL] *(github.com/afrazahmad-hub/postgresql-defi-aml-monitoring-system)*
- Designed a relational database for blockchain transaction analysis and AML alert generation, using window functions, indexing, and EXPLAIN ANALYZE for query optimization.

MetaMask Based Payment Solution [Solidity, Next.js, Ether.js] *(github.com/afrazahmad-hub/ether-transfer-dapp)*
- Built a DApp with integrated smart contracts, reducing payment settlement time by 30%.

Living Standard of French Citizens [Python, scikit-learn, visualization] *(github.com/afrazahmad-hub/Machine-Learning-Project)*
- Built a machine learning model (85.1% accuracy) predicting household living standards.

Cryptocurrencies Trading Bot [Python, Binance API, Jupyter Notebook] *(github.com/afrazahmad-hub/crypto-trading-bot)*
- Built an automated trading bot achieving a 6.09% test-trading return on Ethereum.

CERTIFICATIONS

AML Fundamentals • AML in 2026: Regulation, Strategy & Financial Crime Risks • Travel Rule • Crypto Investigator Crash Course • DeFi Infrastructure • Machine Learning in Python with Scikit-learn • Python for Data Science • Become a Blockchain Developer • Multimodal Prompting for GenAI • Finance & Crypto Day 2025

TECHNICAL SKILLS

Compliance & Risk: AML/KYC, KYB, Transaction Monitoring, Suspicious Activity Reporting

Data & Analysis: Python (Pandas, NumPy, Matplotlib), SQL, Power BI, GitHub

Blockchain & DeFi: Smart Contracts, Cryptocurrency Transaction Analysis

Languages: English (C1), French (A2, progressing to B1)

EDUCATION

MSc Corporate Finance & Fintech — Clermont School of Business, Clermont-Ferrand, France *2024 – 2025*
- Thesis: Effectiveness of French Virtual/Cryptocurrency Regulations to Combat Money Laundering

M.Phil Public Policy — Pakistan Institute of Development Economics, Islamabad, Pakistan *2019 – 2021*
- Thesis: Assessing the Impact of Fiscal Decentralization on the Health Sector — a cross-country study of 72 countries

ACTIVITIES

- **First Prize Winner,** Chiliz Hackathon, Paris (out of 89 projects, 12 prizes) — built a blockchain betting application with real-time data via API, Jul 2025
- Team Lead (5 members), Qubic–Vottun Hackathon, Madrid — developed a DeFi app with crypto payments, Mar 2025
- Volunteer & attendee: Dutch Blockchain Week, EthCC[9] Cannes, Paris Blockchain Week, VIVA Tech
