AFRAZ AHMAD

BLOCKCHAIN & AI | COMPLIANCE & DeFi

+33 7 57 51 70 57 • afrazjb@gmail.com • Rouen, France • LinkedIn • GitHub

PROFILE

Blockchain and AI professional with hands-on experience in crypto compliance, smart contracts, DeFi and blockchain analytics, complemented by practical experience with LLM applications, RAG pipelines and agentic AI. Interested in institutional blockchain infrastructure, digital assets, and secure enterprise AI.

PROFESSIONAL EXPERIENCE

Fintech Risk & Compliance Engineer Intern | **CashXChain, Germany** | *Mar 2026 – Present*

- Developed BESAVO, a KYB compliance platform used by FinTech clients to screen and onboard business customers.
- Conduct regulatory research and contribute to compliance frameworks governing EU–Africa and EU–Asia payment corridors.

Compliance Officer | **ACE Money Transfer, Kharian, Pakistan** | *Oct 2023 – Feb 2024*

- Reviewed 900+ transactions monthly, identifying 7% as suspicious and ensuring adherence to AML/KYC requirements.
- Delivered AML awareness training to 40+ customers, contributing to a 15% improvement in compliance rates.

Blockchain Developer | **Octaloop Technologies, Islamabad** | *Apr 2023 – Oct 2023*

- Designed and deployed Solidity smart contracts for Ethereum-based DApps, focusing on scalability and security.
- Implemented gas-efficient coding practices on Ethereum networks.

Community Manager (Intern) | **Mostro.xyz, France** | *Jan 2026 – Mar 2026*

- Managed Web3 community engagement across Discord, Telegram and X, and coordinated campaigns to grow brand visibility.

IT Assistant | **Education Department of Punjab, Rawalpindi, Pakistan** | *Apr 2024 – Jun 2024*

- Managed digital records for 500 students and administered a PKR 500,000 budget while meeting administrative timelines.

CORE SKILLS

Blockchain & Digital Assets: Ethereum, EVM, Solidity, Smart Contracts, DeFi, DApps, Web3.js, ethers.js

Crypto Compliance & RegTech: AML/CFT, KYC/KYB, Transaction Monitoring, Suspicious Activity Reporting, MiCA, FATF Travel Rule, EU Transfer of Funds Regulation

AI & LLM Engineering: LLM Applications, Retrieval-Augmented Generation (RAG), AI Agents / Agentic Workflows, Prompt Engineering, LLM APIs, Embeddings & Retrieval, Langchain

Machine Learning & Data: Python, Pandas, NumPy, Matplotlib, scikit-learn, SQL, PostgreSQL, Power BI, GitHub

SELECTED PROJECTS

DeFi AML Monitoring System | *SQL, PostgreSQL*

Designed a relational database for blockchain transaction analysis and AML alert generation; optimized queries using window functions, indexing and EXPLAIN ANALYZE.

MetaMask Payment Solution | *Solidity, Next.js, ethers.js*

Built a DApp with integrated smart contracts, reducing payment settlement time by 30%.

Machine Learning — Living Standards | *Python, scikit-learn*

Built a machine learning model achieving 85.1% accuracy in predicting household living standards.

Cryptocurrency Trading Bot | *Python, Binance API*

Built an automated trading bot achieving a 6.09% test-trading return on Ethereum.

EDUCATION

MSc Corporate Finance & Fintech | **Clermont School of Business, France** | *2024 – 2026*

- Thesis: Effectiveness of French Virtual/Cryptocurrency Regulations to Combat Money Laundering.

M.Phil Public Policy | **Pakistan Institute of Development Economics, Pakistan** | *2019 – 2021*

- Thesis: Assessing the Impact of Fiscal Decentralization on the Health Sector — a cross-country study of 72 countries.

CERTIFICATIONS

AML Fundamentals • AML in 2026: Regulation, Strategy & Financial Crime Risks • Travel Rule • Crypto Investigator Crash Course • DeFi Infrastructure • Machine Learning in Python with Scikit-learn • Python for Data Science • Become a Blockchain Developer • Multimodal Prompting for GenAI

SELECTED ACTIVITIES

- First Prize Winner, Chiliz Hackathon, Paris — built a blockchain betting application with real-time API data (Jul 2025).
- Team Lead (5 members), Qubic–Vottun Hackathon, Madrid — developed a DeFi application with crypto payments (Mar 2025).
- Volunteer, Dutch Blockchain Week, Amsterdam — coordinated logistics for ~800 attendees over 3 days (May 2025).
- Volunteer & student participation: EthCC[9] Cannes, Paris Blockchain Week, VIVA Tech (Paris).

LANGUAGES

English — C1 • French — A2, progressing toward B1
